CT-Sim GmbH opens a new office in Germany

Heidelberg, Germany, April 15th 2014 - CT-Sim GmbH announced today that it has moved into its new headquarters at **Im Weiher 12, D-69121 Heidelberg, Germany**.

On completion of the move, Arnauld MALAK Ph.D., managing director of CT-Sim GmbH, stated: “ This new office will enable us to consolidate our European activities, and provide additional space to accommodate our expansion plans as we unveil the company in the coming years. CT-Sim office includes networking, business development and CAE capabilities that permit engineering for automotive industry. We are also working with partners to leverage workspace and facilitate collaboration on advanced technologies and products.”

About CT-Sim GmbH

CT-Sim GmbH is an emerging provider of engineering services, business development and simulation technology in the field of automotive industry focused on crash test.

Founded by Dr. Arnauld MALAK who previously held several positions within CAE software editor and ATD manufacturer, CT-Sim is backed by technical partnership and key technologies at the forefront of the passive safety sector.
